

A FINE VINTAGE

With a strong dash of wit and whimsy, this renovation earns a tip of the hat for its blend of classic and modern elements.

The brief

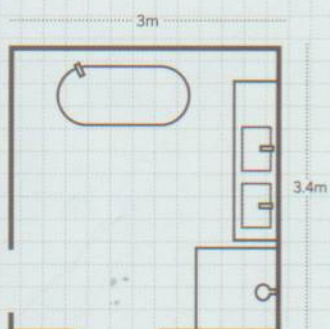

"I wanted to create the ultimate gentleman's bathroom for my boys," says Melbourne interior designer Caecilia Potter of Atticus & Milo. And vintage is the key word in this whimsical space shared by her sons, Jasper, 16, and Cyrus, 12.

Design features

Modern fixtures and fittings are deftly paired with old-world touches to create a space that fits with the rest of the house. "I used an antique sideboard as the vanity, and vintage suitcases as well as mirrored wall cabinets for storage," says Caecilia. She capped it all off with Jeeves and Wooster top-hat and bowler pendant lights sourced from the UK.

Key elements

The simply shaped basins and bath balance out the mismatched suitcases. Statuario marble vanity top from Cutting Edge Stone, black glass mosaic tiles from Bisazza in the shower, walls painted Resene Quarter Ash and original floorboards custom stained. >

Fixtures & fittings

*Zuri bath and basins, Fantini Milano mixers, Tonic bath spout and Catalano toilet suite, all from Rogerseller

Expect to pay

Bath	\$6000
